SENIORS

In Memory Of:

Timothy Graham
9/24/59 - 11/1/77

Brief were my days among you, and briefer still the words I have spoken. But should my voice fade in your ears, and my love vanish in your memory, then I will come again.

And with a richer heart and lips more yielding to the spirit will I speak. Yea, I shall return with the tide, and though death may hide me, and the greater silence enfold me, yet again will I seek your understanding.

Gibran

Lori Novelesi, Vice President; Becky Lower, Treasurer; Jay Dwyer, President; Bonnie Bender, Secretary; Mrs. Perkins, Sponsor.

All that remains are the memories. That "Senior Year" so anxiously looked forward to is now nearly part of the past. The class of 1978 leaves Riverside High School with both happiness and regrets, as memories are savored and futures are anticipated.

Even though the days are gone, the memories live through the years. "Over the Rainbow," "A Walk Through the Country," the Senior Dinner Dance, Skip Day and Dress-Up Day will remain with each as he wanders far and wide from these beginnings.

Class Of 1978 Bids A Fond Farewell

The ability to think straight, some knowledge of the past, some vision of the future, some skill to do useful service, some urge to fit that service into the well-being of the community—these are the most vital things education must try to produce. If we can achieve them in the citizens of our land, then, given the right to knowledge and the free use thereof, we shall have brought to America the wisdom and courage to match her destiny.

Virginia C. Gildersleeve

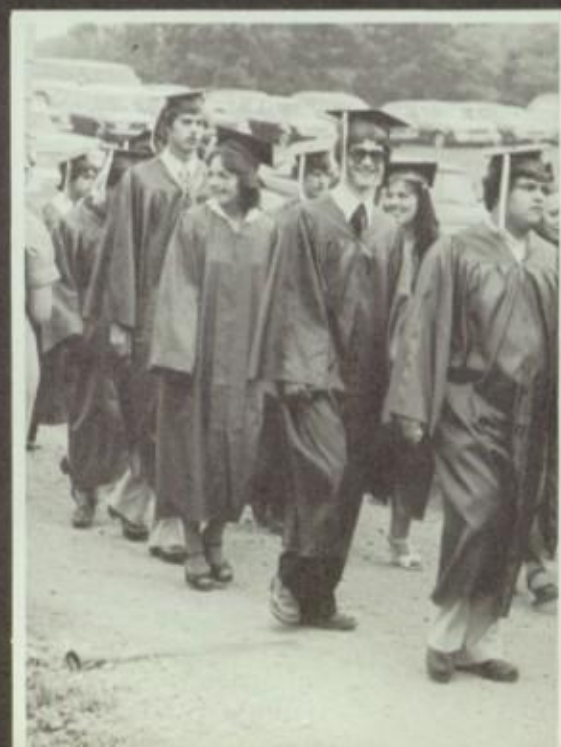

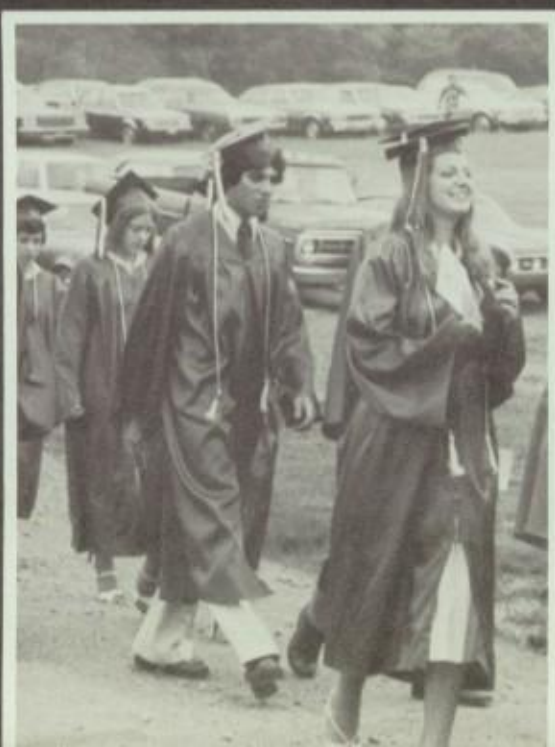

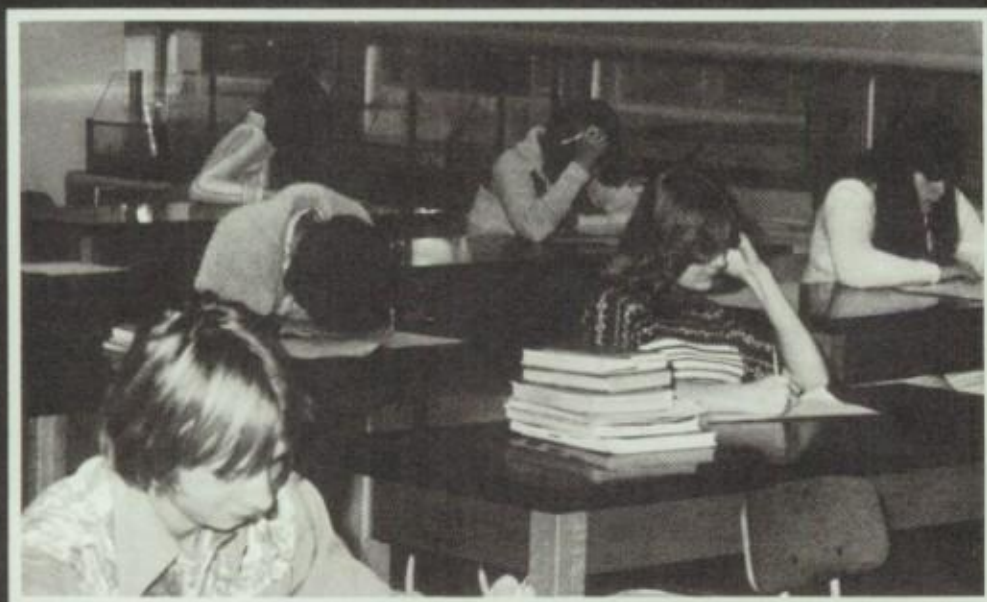

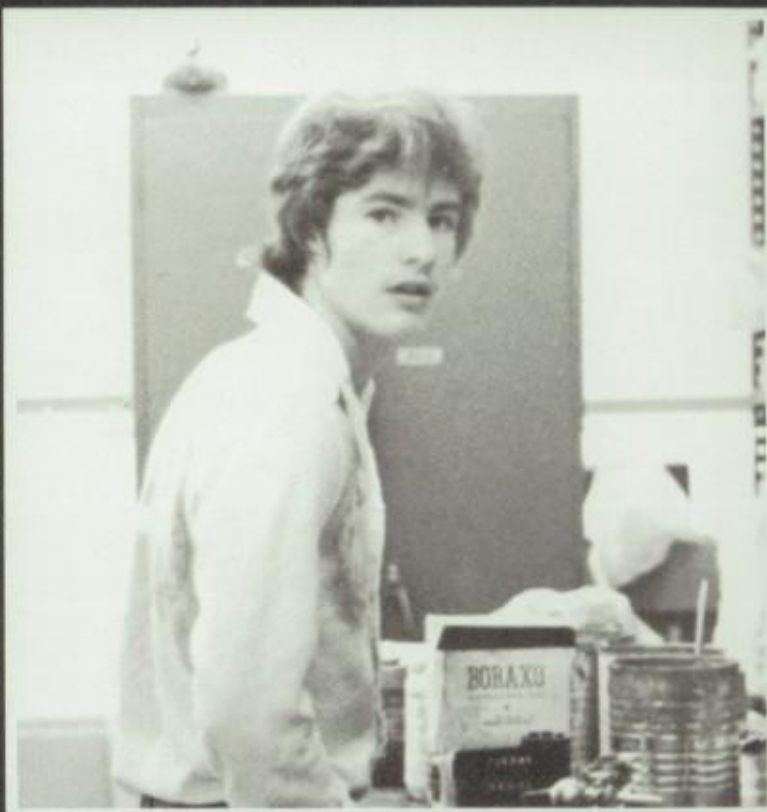

It is true that education is intended to benefit the entire personality. But it is not possible, not even desirable, to show that many of the most important subjects which are taught as part of education will make the learner rich, fit him for social life or find him a job.

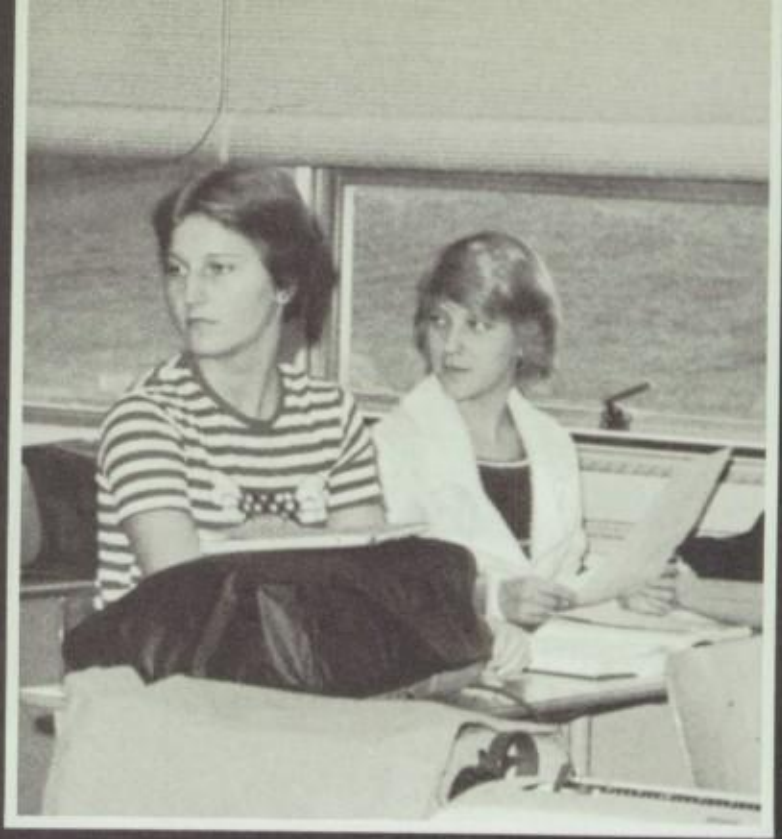

Some values must be postulated. Poetry is better than pinball. The man who does not know anything about biology is in that respect inferior to the man who does, even though he may be richer. Training in philosophy makes few men wealthy, but it satisfies an instinct in them which cries for fulfillment.

Gilbert Highet

CLASSES

Juniors Express Their Individuality

The class of "79" has come a long way since the onset of their high school career. This year alone the Junior Class surpassed the magazine goals and quotas of all previous classes. Through the dedication and hard work put forth by the juniors, "A Walk in the Country" was a memorable event which was enjoyed and will long be remembered by those involved.

Sophomores Express Enthusiasm

As another year passes for the class of 1980, the sophomores were busy planning and instituting their annual Christmas candy sales. Unfortunately, Lady Luck did not smile upon their efforts and the sophomores were not able to reach their goal.

With everything attempted the sophomores are enthusiastic supporters of their school activities. Their faces appear and efforts are evident in all activities at Riverside High School

None of the artists or pictures has caught the deep, though subtle and indirect expression of this man's face. There is something else there. One of the greatest portrait painters of two or three centuries ago is needed.

A student is not a professional athlete . . . He is not a little politician or junior senator looking for angles . . . an amateur promoter, a glad-hander, embryo Rotarian, quiz kid, or man about town. A student is a person who is learning to fulfill his powers and to find ways of using them in the service of mankind.

The masterpiece of God. The eyes reveal the soul, the mouth the flesh. The chin stands for purpose, the nose means will; but over and behind all is that fleeting something we call "EXPRESSION."
